

2023 Year 6 Wreningham SATs Results:

National and School Comparison:

As part of the end of year KS2 report to parents, we are required to present school results in comparison with national results.

Please note that one child was absent from the SATs tests, which will reduce the national attainment level of the school by approximately 6%.

2023 KS2 National SATS Test Results	2023 KS2 Wreningham SATS Results
Reading: 73% of pupils met the expected standard	82% of pupils in Year 6, who took the test (17 children), met the expected standard 78% of all pupils in Year 6 met the standard

Grammar, Punctuation and Spelling: the average scaled score of pupils taking the test in England is 105	Grammar, Punctuation and Spelling: the average scaled score of the year 6 Wreningham pupils who took the test is 105

Pupils not meeting the expected standard:

It is incorrect to say that pupils who have not met the expected standard in reading cannot read, or that those who have not met the expected standard in writing cannot write, and so on.

There is a spectrum of attainment among pupils who do not meet the expected standard, with some coming close and others further away.
