

Here are some growth mindset learning tips to share with your child

THE OPTIMIST

I can learn anything I want to!

- We remember that it's ok to make mistakes-we learn from them.
- We never give up! We try a different approach, or use a different strategy.
- We learn from each other.
- We challenge ourselves-which really helps us make progress.
- We take risks-we don't limit ourselves by taking the easy option.
- We join in as much as possible as we learn much more by being involved.

We have also been learning about the brain!

We remember the brain is making new connections all the time- the only thing you need to know is that you can learn anything.

Growth Mindset Learning Powers

Wreningham CE VC Primary School

GROWTH MINDSET

2023-2024

A GUIDE FOR PARENTS

At Wreningham Primary School our aim is to support children to have positive attitudes towards learning.!

I CAN'T DO IT...YET!

**MISS.
PERSEVERANCE**

I persevere when I am frustrated!

The school believes a child's ability to learn is not fixed *and it can change with effort.*

We have introduced the children to four superheroes Miss Perseverance, Captain Resilience, Dr D.A.R.E. and the Optimist!

Growth Mindset is a way of thinking, learning and taking on challenges.

Children with a growth mindset embrace new challenges, believe mistakes in their work help them improve, take feedback and use it, **push themselves and show resilience and perseverance in learning.**

**CAPTAIN
RESILIENCE**

Mistakes help me learn!

We started this summer term to develop a growth mindset in our school. We found out that experts such as Carole Dweck have produced a huge amount of research over the years outlining the impact of growth mindset in education.

Dr D.A.R.E.

(Dr Determined AND Resolved!)

I can't do this...YET!

To help the children understand growth mindset we developed four characters that represent important characteristics for learners' - perseverance, resilience, determination and optimism. **The characters help remind the children of these 'learning powers'**
