

Week of 11th May 2020

Dear Class 3,

How are you all doing? Isn't it nice that the weather is starting to get warm again? Some sunshine makes all the difference. I've had a busy week with Mrs Cameron and her family, including something very special on the 17th. Take care and sending big monster hugs!

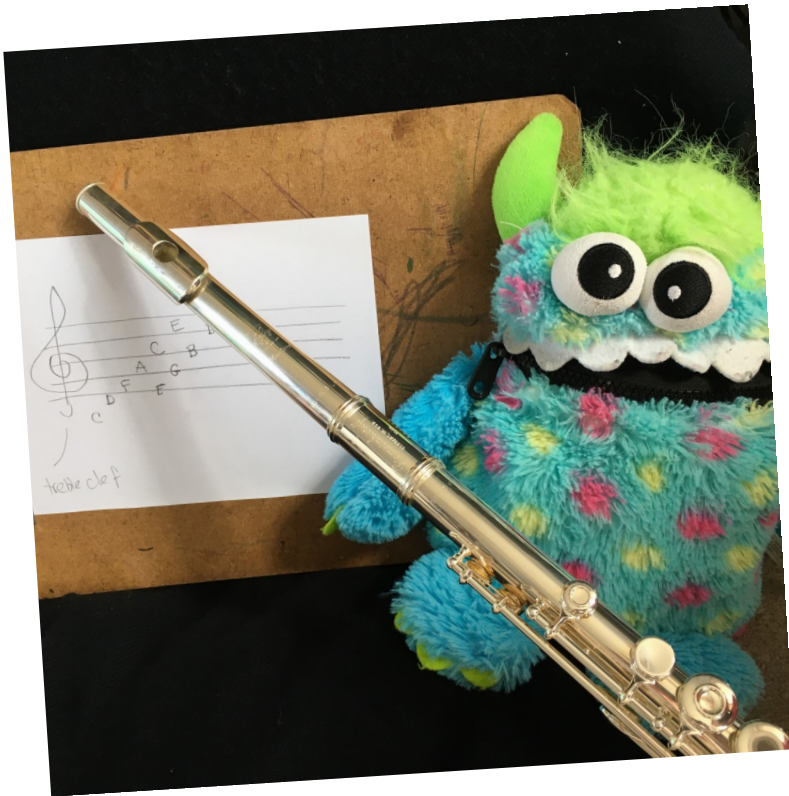

Some of the things I've been up to...

Looking at slides of the Titanic while helping Mrs Cameron prepare your literacy for the week of the 18th.

Watching Maddie & Greg's Let's Go Live. It was Oceans week and I learned a lot about coral reefs!

Week of 11th May 2020

Having a music lesson from Mrs Cameron. She taught me about the notes on a music stave and let me try her flute.

Messy art! Mrs Cameron has given you the instructions on how to make marbled paper. :-)

Week of 11th May 2020

Making popcorn for a movie night!

Playing hide and go seek.
Can you see me?

Enjoying the sun.

Week of 11th May 2020

And finally... helping Mrs Cameron's youngest daughter
celebrate her 7th birthday!
