

Week of 13th April 2020

Dear Class 3,

Hope you have enjoyed the second week of the Easter holidays. What have you been up to? If there is anything you would like to share with me, Mrs Cameron, Mrs Fox and Mrs Rees, please send pictures and an email to office@wreningham.norfolk.sch.uk and Mrs Sharp will pass it on! Here is what I have been busy doing. Take care and miss you all!

Maths - fractions and decimal numbers with Mrs Cameron's daughters. (I think Mrs Cameron finds it easier teaching all 32 of you than her two daughters!)

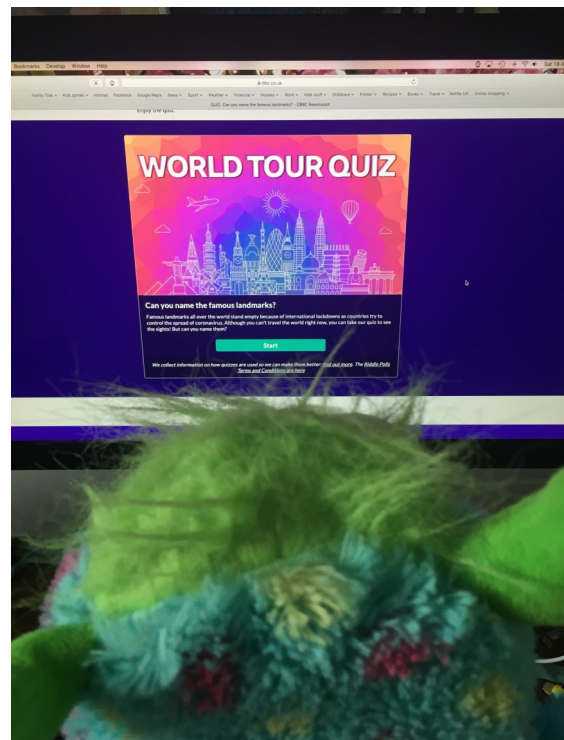

Researching King Henry VIII and other British Monarchs. BBC Bitesize is fantastic, isn't it?

Week of 13th April 2020

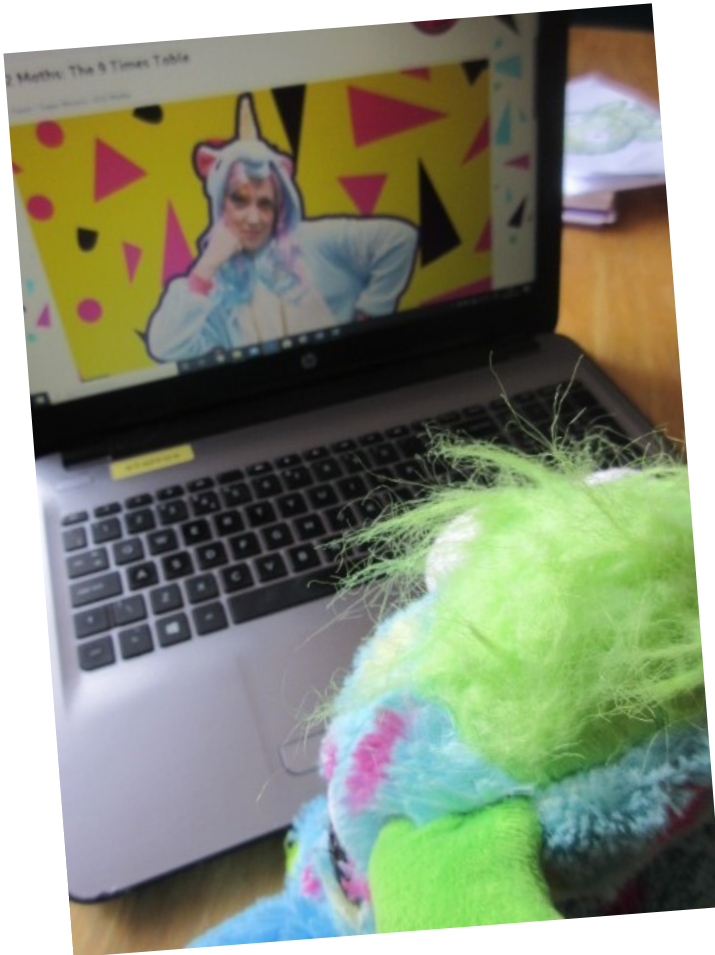

Watching Let's Go Live with Maddie and Greg. This week was all about dinosaurs. There was some fab information about how fossils are made. Tip: this could help you with your science!

Catching up on Newsround and playing the CBBC World Tour Quiz. I think you will recognise at least one of the landmarks!

Week of 13th April 2020

Practising my times tables.
I'm a rapping unicorn!

Playing a game called 'Cahoots'. If you like a bit of a maths challenge and working in a team, this could be for you!

Week of 13th April 2020

Going for walks.

I think I'm going to try
our Real PE scheme this
week! Have a look at our
Class page to find out
more.

This is one of many pictures Mrs Cameron took when she
went for a walk around Norwich.
