YR2 LO: σ compare mass

5a. What weight does the scale show?

2 VF

6a. Add an arrow to the scale so that it shows 120kg.

2 VF

7a. Order these objects from lightest to heaviest.

23kg

25kg

12kg

2 VF

4a. Sort the objects into the table.

Things you would weigh in kilograms	Things you would weigh in grams

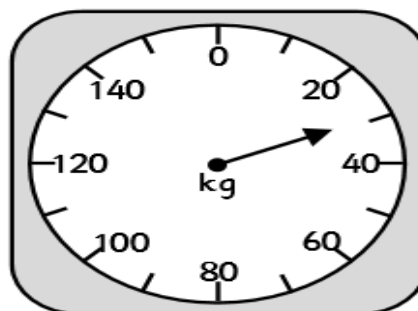

2 PS

6a. The scale shows how much a Year 2 child weighs.

Joel

I weigh 21kg.

Is Joel correct? How can you tell?

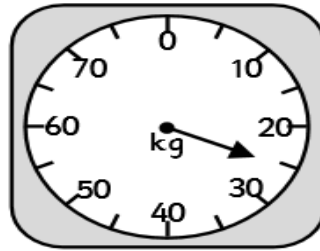

2 R

9a. The scale shows how much a Year 2 child weighs.

Tabitha

I weigh 21kg.

Is Tabitha correct? How can you tell?
