Class 3's home learning, week beginning 29th June 2020

## Maths - year 3

### Choice #2 — Lesson 5

### Outdoor Maths Challenge

This past week you have been learning about

- right angles
- acute angles
- obtuse angles
- horizontal lines
- vertical lines
- parallel lines
- perpendicular lines

Your challenge is to go outdoors and find as many of the above as you can. Look at trees, flowers, roads, buildings, etc. You could create a label for each of the above angles or lines and then take some photos.

If you're able to, why not create a PowerPoint presentation to show off your learning? Then email it to [office@wreningham.norfolk.sch.uk](mailto:office@wreningham.norfolk.sch.uk) for us to have a look.
